

YRBS Promotional Videos

Two videos have been developed to help raise awareness of the Youth Risk Behavior Survey (YRBS) and promote survey participation. The videos highlight the importance of YRBS for youth health, address common concerns raised by parents and educators, and provide an overview of the survey, as well as messaging for parents and schools.

▶ [YRBS Overview Video](#)

These videos emphasize the importance of school and student participation.

▶ [YRBS Message for Parents](#)

Feel free to share these videos with schools and communities as part of your YRBS recruitment process.

For additional YRBS clearance resources, go to <https://surveyta.cdc.gov>.
